### MPMRCL ENVIRONMENTAL POLICY

MPMRCL is committed to safeguard environment from its activities by ensuring implementation of required controls at all applicable places which provides a structured approach to plan and implement environment protection measures. We aim to achieve this by continuously improving our policies, guidelines, processes and practices ensuring excellence in all our deliverables.

#### **MPMRCL shall strive to:**

- Comply with all relevant environmental legislations and regulations, and other environmental initiatives taken up from time to time.
- Adopt environment friendly construction methods and practices so as to cause minimum inconvenience to public and reduce ecological degradation. Encourage environmental protection measures among our suppliers, sub-contractors and those who work for MPMRCL.
- Establish a framework for setting environmental objectives and targets and to achieve continual improvement, minimize negative affect on environment by efficient use of resources and waste management
- Raise environmental awareness, Educate, Train and Motivate employees to carry out tasks in an environment friendly manner and to integrate environmental protection measures procedure in day-to-day activities.
- Encourage innovation and take advantage of efficient technologies to manage environmental risks.
- Periodic monitoring and review of management of environment management systems/procedures.

**Managing Director**
